PERSONAL PROJECTS

Panchayat Management System(React) (06/2022 - 08/2022)

- Using React and Redux, I successfully developed a Panchayat Management System that transformed administrative processes, improving governance efficiency significantly.
- By creating an intuitive web-based interface, I enhanced accessibility for Panchayat members, administrators, and citizens, leading to higher user satisfaction and increased adoption rates.
- The system integrated crucial features such as financial accounting, document management, and online application submission. This streamlined operations and enhanced citizen service delivery.
- Managed a team of 3 members, providing guidance and mentoring them to improve their skill and productivity.
